

Throughout each year, FAHA Foundation has many needs for day to day operation and upkeep. Another good way to donate may be something you can supply; such as sand, gravel, mulch or landscaping material. These materials would certainly help dress up our venues or support footing for the trails.

We often have volunteers to put in the man hours, but struggle to have the extra funds for the material. If you, or your company would supply the park with such items, it would greatly be appreciated and put to good use! Any material donation will receive a special thank you on our website. Please contact us if you have any questions! Thank you for your support!!
